Dear Parents and Carers

As part of your child's study of Cambridge National Sport Science, I need to keep you updated of their progress in the current unit R181 Applying the principles of training and fitness. We have been studying this unit and completing the necessary coursework for a large proportion of Year 10. This unit is worth 30% of students' overall grade. **The deadline for completion, set by the exam board, is Thursday 28<sup>th</sup> September 2023.**

Unfortunately, your child still has several tasks outstanding or incomplete and this will negatively affect the marks awarded. This is despite a number checkpoints and internal deadlines being set in Year 10. If the work is not completed between now and 28<sup>th</sup> September students are at risk of major underperformance or may even result in failing the entire unit. In one final attempt to prevent this, the PE Department are offering a number of catch up sessions:

When	Where
Tuesday 19 <sup>th</sup> September LUNCH	Room 29
Thursday 21 <sup>st</sup> September 3pm	
Tuesday 26 <sup>th</sup> September LUNCH	
Thursday 28 <sup>th</sup> September 3pm	

The afterschool sessions will run until 5.30pm to give students a real chance to catch up.

In addition to the above sessions, we strongly advise students to improve and complete the work at home. All students have a school OneDrive folder they can work on online at home (providing internet access is available).

[Click here](#) to view the assignment set by the exam board. [Click here](#) for a final checklist of everything students need to submit before or on **Thursday 28<sup>th</sup> September**. Students are aware of where they are up to and need to work through the checklist provided. Deadlines are deadlines and we must submit student work. This is for all students nationally who are studying this qualification not just students at our school.

If you would like to know more details of the progress of your child please contact their class Teacher either via telephone (01925 636 414) or via email:
