Additionally, your support with revision at home to ensure students practice exam style questions is appreciated.

Your child has been provided with the following to help with final preparations, and it is expected students actively revise regularly in the lead up to the exam – this is now!

- **A revision checklist with all the key topics taught so far**
- **An exam question workbook** – this is to be used at home to practice exam questions.
- **Knowledge organiser booklet with key revision tasks to complete**
- **Student book from their lessons with all the knowledge and work on each topic** – this needs to be collected from their Teacher.

What can you do to help your child to revise?

- Provide a quiet and purposeful space to work and revise. Help assign time to revise within the week – 20 minutes chunks.
- Condense notes for a topic and learning key words and definitions
- Create a mind map of each topic area. Learn the mnemonics or acronyms for each topic.
- Teach someone else the content
- Use knowledge organisers to make revision cards / look, cover, write, repeat key information and facts
- Apply knowledge to exam questions using the workbooks and past papers provided.

Thank you for your continued support to ensure your child completes all the necessary work and revision for the up and coming exam and achieves well in Sport Science. If you have any queries or questions please do not hesitate to contact me: cburbidge@boteler.org.uk
