

HAIR & BEAUTY

Consider a career in hair and beauty if you enjoy making others feel better about themselves, as well doing something creative. Jobs can be undertaken in a variety of settings, and it's common for professionals to run their own businesses

Hair, beauty and nails therapy are diverse professions that can take you virtually anywhere and you could find yourself working in some unusual locations besides a high street salon.

Many hairdressers and beauty therapists operate as self-employed freelancers, running their own businesses and visiting clients in their own homes

Many people go on to work in sales, marketing, public relations and photography, while others choose to concentrate on the business aspects of running a salon rather than performing treatments.
