We have been made aware of a WhatsApp group titled "Add People".

The group contains hundreds of children and young people and has very inappropriate content such as naked images of AI adults. It is believed that children as young as 7 years old are being added to this group, and as the title suggests the aim is to add as many other children as possible to the group. This has been reported to us by a number of pupils. We have sent a message out to all parents asking them to check their children's phones for this group and generally monitor their social media usage. It is clear that this spans across the whole town, and potentially the whole country, so we also wanted to make yourselves aware in the hope that you can please be vigilant.
